RE: Diversity Construction Group

To Whom It May Concern:

I have worked with Diversity Construction Group on the first phase of a renovation project for Community Mental Health Affiliates, Inc (CMHA)'s Team Time Social Rehabilitation Club. During the course of the project, Diversity's employees displayed a high level of professionalism, experience and commitment to quality. They attended weekly production meetings with the owner and architect, keeping all informed on the project timeline.

The space that was renovated came out beautifully and the club members are very pleased with the outcome. The space now has accessible bathrooms that can accommodate our members with special needs. There is also a large functional space that will allow the club members to participate in events that will assist in their recovery.

I highly recommend Diversity Construction Group as a General Contractor. Please feel free to contact me with any questions or to further discuss my experience working with Diversity Construction Group.

Very truly yours,
