Pine Street Trading's Distribution Facility Loading Dock

Project at a Glance

Pine Street Trading Company
Southington, Connecticut

Client: PDS Engineering & Construction, Inc.

Architect/Engineer:

Project Delivery: Sub-Contractor

Pine Street Trading Company is New England's leader in the marketing and distribution of convenience and beverage products. To meet their expanding distribution operation, substantial modifications to the loading dock was performed. This included expanding the loading area by adding an additional bay, enclosing the existing dock with masonry and installing new overhead doors, dock levelers and seals at five locations. The project began in November 2011 and was completed in March 2012.
