Fats, Oils & Grease Separators (FOG) at Ella T Grasso, Windham Technical, Oliver Wolcott and Bristol Technical High Schools

Project at a Glance

FOG Separators at Four Technical High Schools in CT

Client: State of Connecticut, Department of Administrative Services**Architect/Engineer:** BVH Integrated Services for Ella Grasso & Windham; Fay, Spofford & Thorndike for Oliver Wolcott and Bristol Tech.**Project Delivery:** General Contractor

Diversity Construction Group was contracted to install FOG separators at four different Technical High Schools. The kitchens required significant underground demolition to create new grease lines separate from the existing sanitary lines. Work began in June of 2016 and was completed in August of 2016.
