Category: General Contractor

Bethel Public Library

Project at a Glance

Bethel Public Library
Bethel, CT

Client: The Morganti Group, Inc

Architect/Engineer: Anchor Engineering Services, Inc.

Project Delivery: Sub-Contractor

Built in 1909, the Bethel Public Library occupies approximately 13,000 square feet and serves the town of 17,000 residents. Diversity Construction Group provided Class 5 Finish to the interior of the library. A total of 9 colors were used to paint access walls, complimenting the beauty and architecture of this century old building.
